COMPANY OVERVIEW

Led by CEO Koley H. Scott and founded by former U.S. Army officers and senior security cooperation officers, Diligent Labs USA combines mission-proven defense support with AI-native technology. We staff subject-matter experts and liaison officers for critical Department of Defense (DoD) and Department of State (DoS) assignments overseas: embedded with the Polish Territorial Defense Forces for the Illinois National Guard State Partnership Program, cultural relations support to Combined Joint Task Force-Horn of Africa (CJTF-HOA) in Djibouti, Exercise and Venue Manager roles at Northern Strike, and materiel readiness support for Marine Forces Reserve. We also build WARNO (getwarno.com), our AI-native federal contracting platform that reads solicitations and their documents, scores fit, flags requirements, and surfaces incumbents, pricing, teaming partners and key personnel. WARNO powers our own capture and recruiting, so our veteran-led team finds, staffs and delivers the right missions fast.

PAST PERFORMANCE

Cultural Relations Specialist - N6817127PJ001 (Prime) - $154,935

Agency: Department of the Navy for Combined Joint Task Force - Horn of Africa (CJTF-HOA), U.S. Africa Command - DoD
Location: Camp Lemonnier, Djibouti
Duration: 10/19/2026-8/18/2027, options through 2/18/2029

Diligent Labs USA provides a Cultural Relations Specialist to CJTF-HOA at Camp Lemonnier, Djibouti, delivering news analysis, reporting, briefings, advisory services, liaison and linguistic support on local customs, politics, policies and engagement strategies across Djibouti, with periodic support in Somalia, Kenya and Ethiopia. Our specialist directly supports the Civil Affairs Team, Public Affairs Office, Religious Affairs, CJ5 Strategy and Plans, the Command Element and Women, Peace & Security, giving the command accurate cultural insight for partner engagement across the Horn of Africa.

Poland Liaison Services - W91SMC24C8001 (Prime) - $821,265
Poland Liaison - W91SMC23P0007 (Subcontractor) - $152,922

Agency: Illinois National Guard - Department of Defense (DoD)
Location: Warsaw, Poland
Duration: Subcontractor 10/1/2023-9/28/2024, Prime 9/28/2024-9/27/2029

Diligent Labs USA supports the Illinois National Guard's security cooperation mission through a U.S. Army veteran team embedded at the Polish Territorial Defense Forces (TDF) Headquarters in Zegrze, Poland—a two-star command overseeing 25+ brigades and logistics hubs. In coordination with the State Partnership Program (SPP) and the U.S. Embassy Country Team, we integrate building partner capacity initiatives, foreign military sales case support, and subject-matter expert exchanges with the U.S. Army and Air Force. Our work advances NATO interoperability by aligning Polish and U.S. forces on mission command systems, UAS development, logistics reform, and division-level staff training, strengthening transatlantic defense cooperation and deterrence.

Exercise Coordinator - W912JB25QA0047 (Prime) - $45,000
Venue Manager - W912JB25QA048 (Prime) - $39,000

Agency: Michigan National Guard - Department of Defense (DoD)
Location: Lansing, Michigan
Duration: 4/1/2025-7/31/2025

Diligent Labs USA successfully delivered Exercise Coordinator and Venue Management services for the Michigan National Guard (MING), leading planning and execution for Northern Strike, the largest National Guard exercise in the United States. Embedded within MING's training command, our team designed and facilitated live and simulated scenarios aligned with the Joint Event Life Cycle (JELC), developed Master Scenario Events Lists (MSELs), and conducted After Action Reviews (AARs) to improve readiness for Domestic Operations and Defense Support to Civil Authorities (DSCA), in line with HSEEP standards.

Material Readiness Support Services - M6786125P0035 (Prime) - $603,403

Agency: United States Marine Corps - Department of Defense (DoD)
Location: New Orleans, Louisiana
Duration: 8/15/2025-8/14/2028

Diligent Labs USA delivers Materiel Readiness Support Services for Marine Forces Reserve (MARFORRES), focusing on corrosion prevention and control (CPAC) to ensure equipment accountability, serviceability, and deployment readiness. Our team conducts audits, inspections, and hands-on training, guides Marines in maintenance best practices, and provides actionable recommendations to improve sustainment, strengthening materiel readiness across MARFORRES units in support of Global Force Management and contingency operations.
